j)	Other Tools	29

Company Profile

Deewansons first broke ground in 1960 by Late Mr. Harbans Lal Shoor as a family run company involved in the designing of Tools. Ever since its been working with the same enthusiasm and skills .

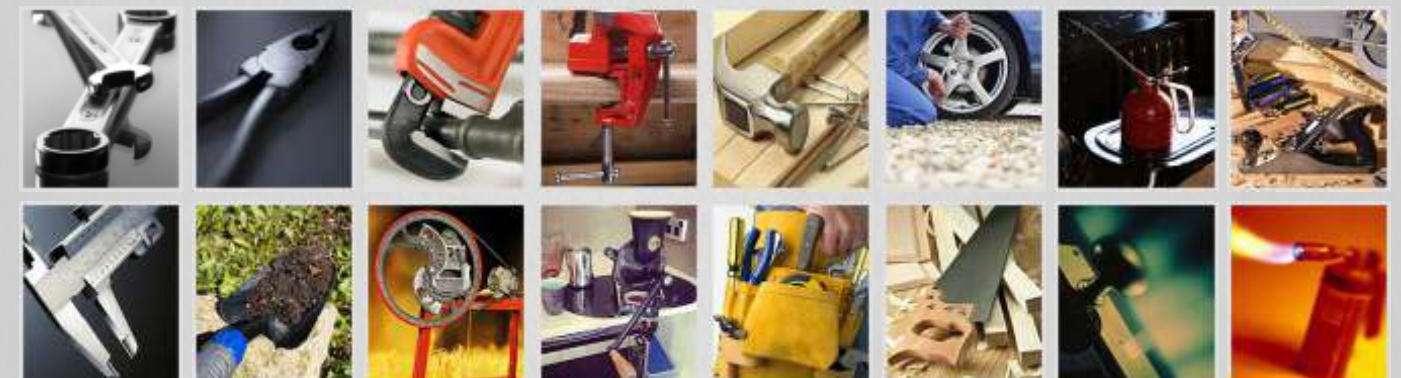

With Over 50 years of Experience we have established firm hold over the industry which is the reason we are growing at a fast pace. With Experience & Technology skills we are making Hand Tools like Spanners, Pliers, Wrenches, Vices. Each Tool has been developed after the Extensive Study of Industry norms as well as client requirement.

We use Qualitative Raw Material for manufacturing sourced from reliable vendor base. The material includes Drop forged carbon steel, vanadium steel, cast iron and others. We can efficiently custom make our range as per the technical specifications detailed by our clients. We go through Quality Control Policy which enables us to provide the Good Quality to our Valuable Clients.

Our Workforce is completely aware of industry requirements that further help us in manufacturing and exporting our assortment to our global clients. Over the years of our unrelenting efforts have made us one of the prominent Manufacturers & Exporters of Hand Tools. Since 50 years we are continuously following the Path of “CUSTOMER SATISFACTION”

Chairman :
Mr. V.P. Shoor

We are committed to satisfy our Customers with Quality tools and competitive prices along with timely delivery. At DEEWANSONS every individual is committed to ensure complete customer satisfaction by supplying best quality products at competitive prices. Being an ISO 9001:2000 certified company, we follow and implement established quality strategy. It ensures that all our hand tools are of flawless quality exceeding our clients expectations. We have a separate quality control department which has the responsibility of implementing our quality tests throughout the manufacturing process. It makes sure that the raw material procured by us, is of finest quality and also the manufactured tools conforms to various international standards.

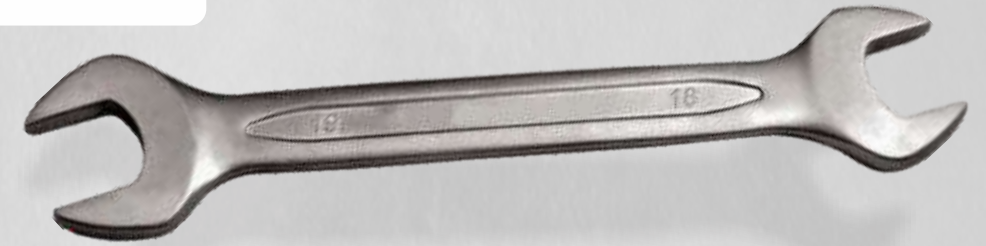

Mission :

We Believe 'RELATIONSHIP & TRUST' reflects the commitment towards long-term association with our clients.
